

**“Families Impacted by Sexual Abuse”
Clinical Support Group
*Formerly “Non-Offending Parenting” clinical group***

The Families Impacted by Sexual Abuse Support Group is designed to provide peer support and education to parents and caretakers of children and teens that have been sexually abused. The Group Leaders use the Families Impacted by Sexual Abuse Curriculum, created by clinicians at The Shepherd Program, which was recently revised to include current best practices in treating and supporting survivors and their families. Clinical benefits of this group include peer support and psychoeducation regarding topics such as sexual abuse impacts, parenting strategies, trauma impacts on the brain, and treatment needs of survivors.
